NURSING FORUM

1977 Index

Index to Volume XVI, Numbers 1-4, 1977

The articles in this index are listed according to subject and author. The first number in each listing refers to the issue in which the article will be found, the second number to the first page of the article.

Number and Issues

1 — January-February-March
2 — April-May-June
3,4 — July-December

Subject Index

A

Accountability
Application of Benjamin Franklin's decision-making model to the clinical setting (Archer, Swearingen) 3, 4, 319
Communicating with the dying person (Le Roux) 2, 144
The consumer's right to health care: how does the nursing profession respond? (Benson) 2, 138
The nurse's role in the swine influenza immunization program (Stewart, Wortman) 2, 128
The obligation of nursing as an academic discipline to preserve liberal education (Machan) 2, 196
Attachment
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
The woman as therapist and client (Davis) 3, 4, 250
Attitudes
The challenge in gerontological nursing (Brock, Madison) 1, 95
Communicating with the dying person (Le Roux) 2, 144
The obligation of nursing as an academic discipline to preserve liberal education (Machan) 2, 196
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Will the "real" nurse please stand up: the stereotype vs. the reality

(Elms, Moorehead) 2, 112
The woman as therapist and client (Davis) 3, 4, 250

B

Baccalaureate Nursing Education *(See Education)*
Behavior
Bonding problems of infants with congenital anomalies (Waechter) 3, 4, 298
The challenge in gerontological nursing (Brock, Madison) 1, 95
Communicating with the dying person (Le Roux) 2, 144
Crisis in nursing students (Davis, Fricke) 1, 56
Energy: a crucial consideration in the nursing process (Ryden) 1, 71
One must die so the other might live (Reprint) (Drake) 3, 4, 228
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
The woman as therapist and client (Davis) 3, 4, 250
Behavior Modification
Applying learning theory to nursing practice (Shipley) 1, 83
Behavioral Therapy
Applying learning theory to nursing practice (Shipley) 1, 83
Benjamin Franklin
Application of Benjamin Franklin's decision-making model to the clinical setting (Archer, Swearingen) 3, 4, 319
Biomedical Technology
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Birth
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Reproduction manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
Bonding, Maternal
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298

C

Career Choice
The challenge of gerontological nursing (Brock, Madison) 1, 95
Portrait of a nurse [Jean Steel] 2, 200
Child Development
Bonding problems of infants with congenital anomalies (Waechter) 3, 4, 298
Children *(See Defective Children)*
China, Nursing and Health Care
Nursing and health care in China (Garfield) 3, 4, 329
Classical Conditioning *(See Pavlovian Conditioning)*
Clinical Specialists
The challenge in gerontological nursing (Brock, Madison) 1, 95
The woman as therapist and client (Davis) 3, 4, 250

Communication
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Communicating with the dying person (Le Roux) 2, 144
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
Linguistic constraints in nursing practice (Zbilut) 3, 4, 339
One must die so the other might live (Reprint) (Drake) 3, 4, 228
The use of literature in professional nursing education (Siegel, Siegel) 2, 144
Conceptual Framework
Application of Benjamin Franklin's decision-making model to the clinical setting (Archer, Swearingen) 3, 4, 319
Energy: a crucial consideration in the nursing process (Ryden) 1, 71
Congenital Anomalies
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Consumerism
The consumer's right to health care: how does the nursing profession respond? (Benson) 2, 138
Continuing Education
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185
Control of Life
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Coping Mechanisms
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Communicating with the dying person (Le Roux) 2, 144
The woman as therapist and client (Davis) 3, 4, 250
Counseling
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Communicating with the dying person (Le Roux) 2, 144
Crisis in nursing students (Davis, Fricke) 1, 56
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
Crisis
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Crisis in nursing students (Davis, Fricke) 1, 56

D

Death and Dying
Communicating with the dying person (Le Roux) 2, 144

One must die so the other might live (Reprint) (Drake) 3, 4, 228
Decision-Making Model
Application of Benjamin Franklin's decision-making model to the clinical setting (Archer, Swearingen) 3, 4, 319
Defective Children
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
One must die so the other might live (Reprint) (Drake) 3, 4, 228

E

Education
The challenge in gerontological nursing (Brock, Madison) 1, 95
Crisis in nursing students (Davis, Fricke) 1, 56
The obligation of nursing as an academic discipline to preserve liberal education (Machan) 2, 196
Open Forum: on teaching ethics to nurses (Langham) 3, 4, 220
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112
Embryology
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Energy, Physiological
Energy: a crucial consideration in the nursing process (Ryden) 1, 71
Ethics
Communicating with the dying person (Le Roux) 2, 144
The consumer's right to health care: how does the nursing profession respond? (Benson) 2, 138
The nurse's role in the swine influenza immunization program (Elms, Moorehead) 2, 128
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Open Forum: on teaching ethics to nurses (Langham) 3, 4, 220
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Eugenics
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
Experimentation *(See Fetal Research)*

F

Fertilization (In Vivo and In Vitro)
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Fetal Research
Reproduction manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6

Fiction
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112
Film
Portrait of a nurse [Jean Steel] 2, 200
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112
Flu Vaccine
The nurse's role in the swine influenza immunization program (Stewart, Wortman) 2, 128

G

Genetic Disorders
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
Genetic Engineering
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Gerontological Nursing
The challenge in gerontological nursing (Brock, Madison) 1, 95
Graduate Education *(See Education)*
Grief
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
Communicating with the dying person (Le Roux) 2, 144
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Group Behavior
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165

H

Health Care
Nursing and health care in China (Garfield) 3, 4, 329
The woman as therapist and client (Davis) 3, 4, 250
Health-Care Bibliography
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185
Health-Care Delivery
The challenge in gerontological nursing (Brock, Madison) 1, 95
The consumer's right to health care: how does the nursing profession respond? (Benson) 2, 138
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185
Health-Care Professionals
The challenge in gerontological nursing (Brock, Madison) 1, 95

Communicating with the dying person (Le Roux) 2, 144
Genetic counseling: a responsibility of health-care professionals (Malter) 1, 26
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
Nursing and health care in China (Garfield) 3, 4, 329
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268

Health-Care System
Nursing and health care in China (Garfield) 3, 4, 329
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185

Health Policy and Planning
The consumer's right to health care: how does the nursing profession respond? (Benson) 2, 138
A self-study outline on the health-care system: with annotated bibliography (Richie) 2, 185

Health Workers
The nurse's role in the swine influenza immunization program (Stewart, Wortman) 2, 128
Nursing and health care in China (Garfield) 3, 4, 329

Hereditary Defects *(See Defective Children)*

History, Nursing
More information on Isabel Hampton Robb (Noel) (Letter) 1, 5
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112

Human Procreation
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6

Humanities
The obligation of nursing as an academic discipline to preserve liberal education (Machan) 2, 196
The use of literature in professional nursing education (Siegel, Siegel) 2, 165

I

Images
The challenge in gerontological nursing (Brock, Madison) 1, 95
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
Portrait of a nurse [Jean Steel] 2, 200
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112

Infants
Bonding problems in infants with congenital anomalies (Waechter) 3, 4, 298
One must die so the other might live (Reprint) (Drake) 3, 4, 228

A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
Interdisciplinary Health Care
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
In Vitro Development *(See Fetal Research)*
Isabel Hampton Robb
More information on Isabel Hampton Robb (Noel) (Letter) 1, 5

L

Language
Linguistic constraints in nursing practice (Zbilut) 3, 4, 339
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Letters
More information on Isabel Hampton Robb (Noel) (Letter) 1, 5
Nurses now: a model of worksite organizing (Amenta) 3, 4, 343
Learning Devices
Portrait of a nurse [Jean Steel] 2, 200
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Learning Theory
Applying learning theory to nursing practice (Shipley) 1, 83
Legal Liability
Communicating with the dying person (Le Roux) 2, 144
The nurse's role in the swine influenza immunization program (Stewart, Wortman) 2, 128
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Liberal Education *(See Education)*
Linguistics
Linguistic constraints in nursing practice (Zbilut) 3, 4, 339
Literature
The use of literature in professional nursing education (Siegel, Siegel) 2, 156
Will the "real" nurse please stand up: the stereotype vs. the reality (Elms, Moorehead) 2, 112
Long-Term Care
The challenge in gerontological nursing (Brock, Madison) 1, 95

M

Mass Immunization
The nurse's role in the swine influenza immunization program (Stewart, Wortman) 2, 128
Medical Ethics *(See Ethics)*
Mental Health
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
The woman as therapist and client (Davis) 3, 4, 250
Mental Health Clients
The woman as therapist and client (Davis) 3, 4, 250

Moral Issues
One must die so the other might live (Reprint) (Drake) 3, 4, 228
Open Forum: on teaching ethics to nurses (Langham) 3, 4, 220
Reproductive manipulation: technical advances, options, and ethical ramifications (Curtin, Petrick) 1, 6
Morality *(See Moral Issues)*
Mother-Child Relationship
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
Motherhood *(See Surrogate Motherhood)*
Myths
A study of how women are reflected in nursing textbooks used to teach obstetrics-gynecology (Benton) 3, 4, 268
The interdisciplinary health-care team: fact or fiction? (Given, Simmons) 2, 165
